masking tape

RS200 PREMIUM GRADE MASKING TAPE 60°C

A high quality crepe paper coated with a rubber-based pressure sensitive solvent adhesive designed for professionals in all industries.

RS210 STANDARD GRADE MASKING TAPE 60°C

Our general purpose masking tape is ideal for everyday applications and has a proven popularity within the building, paint and DIY markets.

RS222 BLUE 14 DAY MASKING TAPE 60°C

This stand out product is becoming the leading choice for the professional painter, due to its ability to remove cleanly up to 2 weeks after application.

RS202 LOW TACK MASKING TAPE 60°C

The unique low tack adhesive used on this tape is ideal for delicate surfaces and will not leave unwanted residue even when applied to most wallpapers.

RS205 LOW BAKE AUTOMOTIVE MASKING TAPE 80°C

The perfect choice for the automotive repair industry, as this tape withstands temperatures upto 80°C and its smooth surface backing allows for clean paint lines. We also stock automotive masking tapes which can work up to 150°C.
