plumbing tapes

RS163 ADVANCE CLOSURE PLATE TAPE PRS10

High tack surefire® adhesive, sticks to aluminium, plaster, brick and concrete. Unique surefire® adhesive, designed to thermoset at +110°C creating an airtight seal. Writable surface ideal for identification of service engineer and service data.

RSX70 PTFE TAPE

RSX70 PTFE is a non-flammable thread sealing tape, meeting EN751-GRpl and WRAS approvals. Resistant to all acids, alkalis and solvents. Oil free and suitable for use with oxygen and potable water.

RSX72 GAS PTFE TAPE

RSX72 is our high density PTFE that meets EN751-GRpH and gas board specifications.

RS500 CLASS 'O' FOIL TAPE

RS500 30 Micron Class 'O' foil tape is recognised as the industry standard for the HVAC market. The tape has a solvent acrylic adhesive and the adhesive is resistant to high and low temperatures.

RS124 STANDARD CLOTH DUCT TAPE

Selected for the RSL range, this general purpose laminated cloth tape can be used for all indoor maintenance and light industry applications. Delivering great quality at a great price. Available both boxed and retail packed.

RSX15 ANTI-CORROSION TAPE

RSX15 Anti-Corrosion tape, for protection below ground or underwater against corrosion on pipework, metal surfaces and cables. Also used as a temporary seal on fractured mains and cable joints.

RSX30 GAS ID TAPE

RSX30 Gas ID tape is a British standard pipe identification tape as specified under all current building regulations. An adhesive vinyl tape overlaminated for durability and used to identify gas pipework.
