

PRODUCT DATA SHEET

JAFFA CLOTH TAPE - RS129

DESCRIPTION

Jaffa Cloth Tape is a remarkable tape which is not only thick, strong and 100% waterproof; it also has the most amazing adhesive quality. The tape is designed to remove cleanly from most surfaces and is UV resistant for greater than one week. Add those benefits to an increased temperature resistance up to 90 degrees centigrade makes Jaffa Cloth Tape the number one when it comes to choosing the best tape for the best job, internally or externally!

APPLICATIONS

Jaffa Cloth Tape has a multitude of applications including waterproofing and wind proofing scaffolding, windows, doors and exposed roofing – it can also be used on vertical and overhead applications. It can be used to temporarily hold DPM, timber, guttering, sheet material or any other building material that needs to be held in place without the need to clamp. Other applications include Building and Construction, Asbestos/Lead/Fiberglass abatement, exterminators, stucco masking, silk screen masking, plastering, temporary water-proofing, wrapping, bundling, sealing splicing and all general maintenance jobs.

NOMINAL VALUES

The following data are nominal values based on PSTC, ASTM and other standard test. The data should not be considered as specifications.

| | |
|---|------------------------------|
| Backing | PE Coated Cloth |
| Adhesive | Natural Rubber/Resin |
| Adhesion to Steel (oz/in of width) | 40 (11.0 N/25mm) PSTC-101 |
| Tensile Strength (lbs/in of width) | 45 (197 N/25mm) PSTC-131 |
| Elongation (% at break) | 20 |
| Total Thickness (mils) | 12.0 (0.30 mm) PSTC-133 |
| Temperature Resistance | +32°F ~ +180°F (0°C ~ +82°C) |
| Colours | Orange |

The above information is given in good faith and for guidance only. The user shall be responsible for determining that the performance of the product is sufficient for his application. The quoted values are based on averages and should not be taken as maximum or minimum values for specific purposes.
